

REOPENING PLAN

COHORT SCHEDULES

Holy Cross High School, through the creation of several task forces, has prepared to safely resume on-campus instruction in September. Our plan implements a hybrid model and an all-remote option for families to elect the best way for their child to continue their education at Holy Cross. Our reopening plan is available on our website; below is a quick reference for understanding cohort schedules.

THINGS TO KNOW:

- Students opting for all-remote instruction can transition to the hybrid model at the end of the first quarter.
- Students opting for the all-remote model do not need to log in for homeroom or wear a uniform
- Parents/Guardians should regularly check their school email for important school communications.
- Students working remotely in all cohorts must follow their schedule and submit work to be marked as “online present”.
- CDC and NYSDOH protocols will be strictly enforced.
