# ASTHMA MEDICATION ADMINISTRATION FORM

**ASTHMA PROVIDER MEDICATION ORDER | Office of School Health | School Year 2022-2023**  
Please return to school nurse. Forms submitted after June 1<sup>st</sup> may delay processing for new school year

## PARENTS/GUARDIANS READ, COMPLETE, AND SIGN. BY SIGNING BELOW, I AGREE TO THE FOLLOWING:

- I consent to my child's medicine being stored and given at school based on directions from my child's health care practitioner. I also consent to any equipment needed for my child's medicine being stored and used at school.
- I understand that:
  - I must give the school nurse my child's medicine and equipment, including non-albuterol inhalers.
  - All prescription and "over-the-counter" medicine I give the school must be new, unopened, and in the original bottle or box. I will provide the school with current, unexpired medicine for my child's use during school days.**
    - Prescription medicine must have the **original** pharmacy label on the box or bottle. Label must include: 1) my child's name, 2) pharmacy name and phone number, 3) my child's doctor's name, 4) date, 5) number of refills, 6) name of medicine, 7) dosage, 8) when to take the medicine, 9) how to take the medicine and 10) any other directions.
  - I certify/confirm that I have checked with my child's health care practitioner and I consent to the OSH giving my child stock medication in the event my child's asthma medicine is not available.
  - I must **immediately** tell the school nurse about any change in my child's medicine or the doctor's instructions.
  - OSH and its agents involved in providing the above health service(s) to my child are relying on the accuracy of the information in this form.
  - By signing this medication administration form (MAF), I authorize the Office of School Health (OSH) to provide health services to my child. These services may include but are not limited to a clinical assessment or a physical exam by an OSH health care practitioner or nurse.
  - The medication order in this MAF expires at the end of my child's school year, which may include the summer session, or when I give the school nurse a new MAF (whichever is earlier).
  - When this medication order expires, I will give my child's school nurse a new MAF written by my child's health care practitioner. If this is not done, an OSH health care practitioner may examine my child unless I provide a letter to my school nurse stating that I do not want my child to be examined by an OSH health care practitioner. The OSH health care practitioner may assess my child's asthma symptoms and response to prescribed asthma medicine. The OSH health care practitioner may decide if the medication orders will remain the same or need to be changed. The OSH health care practitioner may fill out a new MAF so my child can continue to receive health services through OSH. My health care practitioner or the OSH health care practitioner will not need my signature to write future asthma MAFs. If the OSH health care practitioner completes a new MAF for my child, the OSH health care practitioner will attempt to inform me and my child's health care practitioner.
  - This form represents my consent and request for the asthma services described on this form. It is not an agreement by OSH to provide the requested services. If OSH decides to provide these services, my child may also need a Student Accommodation Plan. This plan will be completed by the school.
  - For the purposes of providing care or treatment to my child, OSH may obtain any other information they think is needed about my child's medical condition, medication or treatment. OSH may obtain this information from any health care practitioner, nurse, or pharmacist who has given my child health services.

### FOR SELF ADMINISTRATION OF MEDICINE (INDEPENDENT STUDENTS ONLY):

- I certify/confirm that my child has been fully trained and can take medicine on his or her own. I consent to my child carrying, storing and giving him or herself the medicine prescribed on this form in school. I am responsible for giving my child this medicine in bottles or boxes as described above. I am also responsible for monitoring my child's medication use, and for all results of my child's use of this medicine in school. The school nurse will confirm my child's ability to carry and give him or herself medicine. I also agree to give the school "back up" medicine in a clearly labeled box or bottle.

**NOTE: If you opt to use stock medication, you must send your child's asthma inhaler, epinephrine, and other approved self-administered medications with your child on a school trip day and/or after-school program in order for he/she to have it available. Stock medications are for use by OSH staff in school only.**
